DATA SCIENCE

INTERNSHIP PROGRAM

Data science extracts insights and knowledge, From raw data's chaos, it builds a bridge, Statistics, coding, and domain expertise, its realm, patterns emerge, granting foresight's privilege. Build the necessary foundation to become an expert in the domain of data science

WHAT WE OFFER

- Numpy
- machine learning
- python MySQL
- statistics fundamental
- Hands-on projects
- Placement training
- internship opportunity
- multiple certificates

MACHINE LEARNING INTERNSHIP PROGRAM

Machine learning, the art of algorithms that learn, From data patterns, predictions they discern, Through training and iterations, they refine, Automating tasks and decisions, a tech paradigm. Through algorithms, models it refines with care, Training on data, patterns it's bound to share, Classification, regression, clustering too, Machine learning's prowess reshaping what we knew.

WHAT WE OFFER

- NLP
- python
- recommender system
- boosting algorithm
- hands-on projects
- Placement training
- internship opportunity
- multiple certificates

WEB DEVELOPMENT INTERNSHIP PROGRAM

Web development crafts digital domain, With HTML, CSS, and code's intricate chain, Front-end and back-end, they unite, Creating websites and apps that delight. Frameworks and libraries, tools of the trade, Tesponsive layouts, where designs are displayed, Connecting the world with sites that engage, web development's essence, in each digital stage.

WHAT WE OFFER

- Javascript
- css
- github
- advanced html
- hands-on projects
- Placement training
- Internship opportunity
- multiple certificates

ARTIFICIAL INTELLIGENCE INTERNSHIP PROGRAM

Artificial Intelligence, a realm where data-driven algorithms decipher patterns in diverse domains. Machine learning's symphony of regression, clustering, and classification refines automation, yet ethical considerations underscore responsible innovation, as AI and human endeavors converge in reshaping our world's possibilities.

WHAT WE OFFER

- NLP
- Predictive analysis
- Artificial neural networks
- Association rule
- Hands-on projects
- Placement training
- Internship opportunity
- Multiple certificate

CLOUD COMPUTING INTERNSHIP PROGRAM

Cloud computing revolutionizes IT by providing virtualized resources, scalable services, and on-demand access to computing power, storage, and applications. This flexible technology enables businesses to innovate without hardware constraints, offering cost-effective solutions for global collaboration and resource management.

WHAT WE OFFER

- Microsoft Azure
- Azure environment
- Azure Sql Database
- Azure Active Directory
- Hands-on projects
- Placement training
- Internship opportunity
- Multiple certificate

GRAPHIC DESIGN INTERNSHIP PROGRAM

Graphic design blends visual elements like typography, imagery, and color to convey messages and ideas creatively. It plays a key role in shaping how we interact with media, from logos and branding to advertisements and user interfaces, using design tools to produce impactful and visually appealing compositions.

WHAT WE OFFER

- Design theory
- Fundamentals
- Colours
- Typography
- Hands-on projects
- Placement training
- internship opportunity
- multiple certificate

INTERNET OF THINGS INTERNSHIP PROGRAM

The Internet of Things (IoT) refers to the network of interconnected devices, equipped with sensors and software, enabling them to collect and exchange data for improved efficiency and convenience in various aspects of daily life, though concerns about data security and management accompany its benefits.

WHAT WE OFFER

- Basics of electronics
- Prototyping
- Manufacturing
- Communication Networks
- Hands-on projects
- Placement training
- internship opportunity
- multiple certificate
